

## Vent-O-Caps®

Hytek has taken the internals of the AIK Combivent® and incorporated them into the body of the Screw Cap. The resulting product, the Vent-O-Cap®, performs the combined functions of a screw cap, a pressure relief vent and a vacuum relief vent. Constructed of Black High Density Polyethylene, AIK Vent-O-Caps® are available in 6", 7" and 12" sizes. The Vent-O-Caps® are available with EPDM or Viton vent seals and Hastelloy-C or 316 SS springs. When used with a gasket (see Screw Cap Accessories) the Vent-O-Caps® are designed for use in liquid-tight applications.

### SPECIFICATIONS

Pressure Relief Range: 10 to 14.7 PSI  
Initial Discharge: 10.9 PSI  
CFM: 8.2 ft<sup>3</sup>/m

Vacuum Vent Range: 1/4 to 1/2 PSI  
Initial Discharge: 1/2 PSI  
CFM: 5.8 ft<sup>3</sup>/m

PART #	ITEM DESCRIPTION
F7054060VC-SS-E	6" HDPE/Black Vent-o-Cap® EPDM Vent Seals & 316 SS Springs
F7054060VC-SS-V	6" HDPE/Black Vent-o-Cap® Viton Vent Seals & 316 SS Springs
F7054060VC-HS-E	6" HDPE/Black Vent-o-Cap® EPDM Vent Seals & Hastelloy-C Springs
F7054060VC-HS-V	6" HDPE/Black Vent-o-Cap® Viton Vent Seals & Hastelloy-C Springs
F7051070VC-SS-E	7" HDPE/Black Vent-o-Cap® EPDM Vent Seals & 316 SS Springs
F7051070VC-SS-V	7" HDPE/Black Vent-o-Cap® Viton Vent Seals & 316 SS Springs
F7051070VC-HS-E	7" HDPE/Black Vent-o-Cap® EPDM Vent Seals & Hastelloy-C Springs
F7051070VC-HS-V	7" HDPE/Black Vent-o-Cap® Viton Vent Seals & Hastelloy-C Springs
F7051012VC-SS-E	12" HDPE/Black Vent-o-Cap® EPDM Vent Seals & 316 SS Springs
F7051012VC-SS-V	12" HDPE/Black Vent-o-Cap® Viton Vent Seals & 316 SS Springs
F7051012VC-HS-E	12" HDPE/Black Vent-o-Cap® EPDM Vent Seals & Hastelloy-C Springs
F7051012VC-HS-V	12" HDPE/Black Vent-o-Cap® Viton Vent Seals & Hastelloy-C Springs
